

## Wearable Solution For Dolphin 75e Mobile Computer

There are lots of opportunities throughout the enterprise to increase efficiency and reduce labor costs using a hands-free computing solution: small parts picking, large package handling, sortation, truck loading... any time two hands are required. Until now, that has required the use of a dedicated wearable device and a redesign of the application and the process to utilize the limited user interface. Using the rugged, enterprise-class Dolphin™ 75e mobile computer with purpose-built wearable accessories provides a new approach to enabling hands-free operations. The large display and flexible touchscreen keypads allow much more user-friendly applications to be deployed, improving productivity. Often, an existing application will run without modification.

With a wearable solution based on a general-purpose computer like the Dolphin 75e, companies are not forced to invest in a dedicated device that serves only one purpose. The Dolphin 75e mobile computer can be used for different tasks on different shifts and across multiple applications throughout the enterprise. Finally, this solution offers both Microsoft® Windows® Embedded 8.1 Handheld and Android™ 4.4 operating systems, which support modern applications and development tools. A clear migration path is available for support of Windows 10 and Android 5, further future-proofing your investment.

The lightweight, wearable accessories provide increased comfort and improved hygiene over conventional wearables. The rubber watchband-style armbands stretch slightly as the arm moves, and remain tight to prevent sliding down or spinning around the arm. The rubber materials do not

A new approach to hands-free computing – get the benefits of hands free without the issues of a dedicated-purpose device.

absorb perspiration and are easily cleaned between shifts. All components are breakaway for safety and easily swappable for left- or right-hand operation. The system supports corded or Bluetooth®-connected ring scanners and provides a rugged audio interface to Honeywell headsets. All standard Dolphin 75e computer accessories, such as charging cradles and four-bay battery chargers, are available.

### FEATURES

Enterprises can take advantage of the flexible support and migration of Windows Embedded 8.1 Handheld or Android 4.4 KitKat now, and seamlessly upgrade later as business needs grow to Windows 10 or Android 5.0L.

Don't get stuck with a dedicated device that only serves one purpose. Share the Dolphin 75e mobile computer on different tasks between shifts, or standardize on one general-purpose device across multiple enterprise applications.

The 109.2 mm (4.3 in) large, clear display with capacitive touchscreen provides outstanding readability and plenty of space for data and keypads. Clearly superior to conventional wearable displays.

Increase productivity and throughput with an ergonomic ring scanner based on an industry-grade imager that provides high-performance scanning of linear and 2D barcodes.

The watchband-style armband improves comfort and eliminates hygiene concerns. The rubber watchband straps are comfortable, reduce sliding or rotating on the arm, and don't absorb perspiration. Easily cleaned.

# Dolphin 75e Wearable Solution Technical Specifications

## MECHANICAL

### Dimensions:

**Standard Battery:** 134 mm x 73 mm x 18 mm  
(5.3 in x 2.9 in x 0.7 in)

**Extended Battery:** 134 mm x 73 mm x 23.9 mm  
(5.3 in x 2.9 in x 0.9 in)

**Arm-Mounted Sled:** 141 mm x 83 mm x 38 mm  
(5.6 in x 3.3 in x 1.5 in)

**Corded Imager Ring Scanner:** 50 mm x 30 mm x 30 mm (2.0 in x 1.2 in x 1.2 in)

### Weight:

**Standard Battery:** 204 g (7.2 oz)

**Extended Battery:** 244 g (8.6 oz)

**Corded Imager Ring Scanner:** 71 g (2.5 oz)

**Sled and Armband:** 163 g (5.7 oz)

## ENVIRONMENTAL

**Operating Temperature:** -20°C to 50°C  
(-4°F to 122°F)

**Storage Temperature:** -25°C to 70°C  
(-13°F to 158°F)

**Humidity:** 0 to 95% relative humidity  
(non-condensing)

**Drop:** Withstands multiple 1.2 m (4 ft) drops to concrete, all axes

**Tumble:** Exceeds 1,000 (0.5 m) tumbles per IEC

60068-2-32 specification (standard battery)  
Exceeds 300 (0.5 m) tumbles per IEC 60068-2-32 specification (extended battery)

**ESD:** ± 15KV Air and ± 8KV Contact

**Environmental Sealing:** Independently certified to meet IP54 standards for moisture and particle intrusion (IP67 outside of sled)

## SYSTEM ARCHITECTURE

**Processor:** 2.26 GHz Qualcomm Snapdragon 801 quad-core

**Operating System:** Windows Embedded 8.1 Handheld, Android 4.4.4 KitKat

**Memory:** 2 GB RAM X 16 GB FLASH

**Display:** 109.2 mm (4.3 in) WVGA (480 x 800), super bright, sunlight viewable

**Touch Panel:** Multi-touch projected capacitive touch, optically bonded for extra durability and better sunlight viewability, works with many off-the-shelf gloves and when wet

### Keypad:

#### Windows Embedded 8.1 Handheld:

Dedicated center scan button, back button, home button, volume up and down keys, power button, programmable triangle and circle buttons

**Android:** Programmable scan keys (center, left, right scan key), option to launch a user-selectable app

**Audio:** Speaker, digital microphone with echo and noise cancellation; focus on VoIP quality

**I/O Ports:** Micro USB, 3.5 mm headphone/microphone combo jack with supporting shroud and overmold

**Camera:** 8.0-megapixel camera with autofocus and flash with advanced software features for better image quality, not available while in sled

**Sensors:** Accelerometer, ambient light, proximity, gyroscope, compass

**Storage Expansion:** User-accessible microSD slot (SDHC compatible). Please check with your Honeywell representative for available qualified card options.

### Battery:

**Standard:** Li-ion 3.7 V, 1670 mAh

**Extended:** Li-ion 3.7 V, 3340 mAh

**2D Imager Ring, Standard Battery:** 4 hours

**2D Imager Ring, Extended Battery:** 8 hours (scanning and sending data over WLAN every 10 seconds)

**Integrated Decode Capabilities:** Dedicated imager capable of decoding standard 1D and 2D barcode symbologies (not accessible while in sled)

**Corded Ring Scanners:** High-performance standard-range 2D imager

**Development Environment:** Honeywell SDKs for Android and Windows

**Honeywell Application Software:** Honeywell Powertools™ and Demos

**Warranty:** One-year factory warranty

## WIRELESS CONNECTIVITY

**WWAN:** No WWAN configuration

**WLAN:** 1x1 IEEE 802.11 a/b/g/n/ac

### WLAN Security:

**Windows Embedded 8.1 Handheld:** OPEN, WEP, WPA2-PSK/Enterprise, PEAPv0/MSCHAPv2, EAP-TLS, EAP-TTLS

**Android:** OPEN, WEP, WPA2-PSK/Enterprise, PEAPv0/MSCHAPv2, EAP-TLS, EAP-TTLS and CCKM

**WPAN:** 2.4 GHz (ISM Band) Adaptive "frequency hopping" Bluetooth v4.0; Class 2, 10 m (33 ft) line of sight

**NFC:** Integrated NFC reader  
Embedded Secure Element (Android)
