## Linx Tough Tab 8 with Barcode Scanner and RFID. 1983190

Designed to be used in a variety of extreme environments, the Linx Tough Tab 8 is the perfect tablet to withstand everything that your business can throw at it.

Powered by a Quad-Core Intel® processor and Windows® 10 Pro operating system, the IP-67 rated tablet can withstand submersion in water, dusty environments and can integrate seamlessly into your business to give you complete control and visibility over every department.

### Built-in Stylus.

A discreet built-in capacitive stylus provides precision navigation and is designed to aid the function of any workforce.

### Impact Protection.

Rigorously designed and drop tested to IEC-60068232 standards up to 1.2M, the Tough Tab 8 is protected from accidental bumps with reinforced edge and corner protection.

### IP67 Certified.

For complete peace-of-mind, IP67 certification ensures that the device is totally protected against dust and can withstand immersion into liquids up to a depth of 1 metre.

### Connectivity assured.

Always keep connected wherever your team is based with Bluetooth 4.0, a 3G micro-SIM card slot and Wi-Fi 802.11 b/g/n connectivity. GPS tracking lets your team use location-based apps for increased accuracy and security wherever they are.

### Integrated barcode scanner.

With built-in barcode scanning, look to the Linx Tough Tab 8 as the perfect solution for your business. Work faster, more efficiently and more effectively.

### Easy-hold hand strap.

The Linx Tough Tab 8 easy-hold hand strap has a fully removable back plate that securely screws into the tablets main body. With 360-degree rotation, users can position their tablet in either vertical or horizontal orientation for ease of use.

### Embedded RFID.

With the addition of RFID (Radio-frequency identification) into your business workflow, the Tough Tab 8 becomes an indispensable team member, tracking and reading RFID data with pin-point accuracy and seamlessly integrating into your business environment to improve productivity and stock control.
